Customer Problem Statement:

- A traveller who wants to know the updated news of every place which he wants to visit instantly about the rates, weather, new places, our apps give him the updated news of all the things which he require to travel happily.
- A techie guy who likes to know daily updates on new launches of computers and other electronics, so our application help him to get daily launches of different devices from different brands to full fill his needs.

	I'm trying to	But	Because	Which makes me feel
working at a company	get a promotion	its hard to get it	there were to many people working at my office	not too special
in bus stop	go to chennai	there is no bus	of a sNke	not happy
poliCe officer	find a man	heisvery hard to find	he is too smart	irritated
post officer	find a address	its very hard to find	that address is to deep in the village	unhappy
